### BORN.

JONES—In Reno October 28, to the wife of John Jones, a son.

### JONES & KINKEAD.

Everything Working Well and the Prospects Excellent.

Everybody is encouraged at Pyramid. The prospects are brilliant. The new Huntington crusher works to perfection. It is a little wonder. The two stand side by side with only room for a double ore feeder between them, and hammer away day and night, crushing over 20 tons a day. The mill stands in the canyon just east of the mouth of the tunnel. There is a drop of twelve feet from the tunnel level into the rock breaker. Eight feet from the rock breaker into the feeder. From the battery there is a drop into the tanks to the pans, etc., and then into the settler. The Dodge rock breaker is the finest of its kind. It has wrought iron jaws, which are better than steel, as they do not get so smooth and slippery. The two pans hold forty hundred each at a charge. The settler holds three tons. The machinery is run by a handsome little engine of seventeen horse power. The boiler is a large one, four and a half by sixteen feet, with forty-nine tubes. It has an excellent furnace with abundant draft. Everything is working like a top. There has been some trouble with water, but there will be no more. A big well eight feet square has been dug to a depth of twenty-five feet, and at the bottom three drifts have been run twenty-five feet each. Then the water from the battery is run into slum tanks. After it settles it is pumped back and the tailings put through the pans. The water from the pans runs down the canyon and the sludges are saved in reservoirs. The mill gives entire satisfaction.

### IN THE MINE.

Work will be resumed inside of another month. A new boiler will have to be brought from the Eureka mine and set up at the hoisting works. The old one is eaten out, by the bad water. The tunnel will be pushed forward with Burleigh drills and it is thought will reach the ledge inside of four months. There are 1,500 tons of ore on the dump that will work over \$10 clear profit. The mill saves 80 per cent, and the rock averages \$20 a ton. It is the intention to keep a thousand tons on the dump ahead of the mill. The tunnel turned out is 900 feet. The rock contains a little iron, but is readily disposed of. Kinkead is at work getting things settled into routine. He has his coat off, wears a red shirt and sticks his pants in his boot tops. He is in excellent health, except that he hurt his side by a fall into one of the tanks a day or two ago. He is coming in the day before election with the first bar of bullion.

### We Challenge the World.

When we say we believe, we have evidence to prove that Shiloh's Consumption Cure is decidedly the best Lung Medicine made, in as much as it will cure a common or Chronic Cough in one-half the time and relieve Asthma, Bronchitis, whooping cough, croup, and show more cases of consumption cured than all others. It will cure where they fail, it is pleasant to take, harmless to the youngest child, and we guarantee what we say. Price, 50 cts. to 1.00 and \$1.00. If your lungs are sore, chest or back lame, use Shiloh's Porous Plaster. Sold by Osburn & Shoemaker, Drug Store, Reno, Nevada. nov 1 sat to thu

## HON. G. W. CASSIDY.

A Democrat Examines His Record and Accuses Him of Violating Pledges.

RENO, Nev., Oct. 29, 1898.

Editor Gazette: Thinking it might be well at this time to call the attention of the electors of the Silver State to a few of the official acts of some of our public men, I shall confine my remarks to one of the Congressional candidates, in order that the honest voters may form an opinion without groping in the dark.

What I purpose saying most of the reading men of Nevada already know, but the busy toiler soon forgets the acts of public servants unless reminded of them. The grand old Democratic party has placed upon its ticket, which it expects all Democrats to support, the name of Hon. G. W. Cassidy for member of Congress. Well, let us see if Mr. C. is worthy the honor he and his party are asking the dear people to confer upon him. Mr. Cassidy has been in the State Senate for the last eight years, from 1870 to 1878, and it may be possible that he helped to make some good laws, but the crowning infamy of his career as a Senator was accomplished when he worked, talked and voted in the Senate to pass the bill repealing the tax upon the net proceeds of the mines.

And he succeeded in passing the infamous measure by a small majority of Senators, and had it not been for the firmness of honest Gov. Bradley the laboring and producing class of men of Nevada would to-day be paying treble the amount of taxes that they are now paying. I would ask the tax-payers and voters of our young and growing State if they think a man who will deliberately strive to place laws upon our statute books calculated to further impoverish the laboring man, as well as all private business interests, for the exclusive benefit of great corporations, is a proper man to represent the people of the State in Congress?

Now, Mr. Editor, I charge Mr. Cassidy to be such a man, and the records will prove my charges to be true. Nor is this all, the gentleman was elected upon a platform pledging his Legislative candidates to use all honorable means to defeat the repeal of the law taxing the net proceeds of the mines. The people of Eureka county favored the law as it then stood, hence the plank, covering the question, in the platforms of both parties of the county. And right here I will say that Mr. Cassidy was elected mainly on that issue; many Republicans distrusting Mr. Wallace on that question; even then Mr. C.'s majority was quite small—about twelve, if my memory be not greatly at fault. Some one may ask what caused Mr. C. to vote and work as he did against the express wishes of his constituents. I must beg to be excused from answering, but it may be possible that he felt sympathy for Fair & Co., or it may be possible that Geo. knew that Mr. Fair would be the candidate of the untried for U. S. Senator and would need plenty of dollars in the State. Everyone that knows the Hon. G. W. Cassidy, as the writer hereof does, knows that Geo. would not take anything for working against the interest of the people of the State, in favor of the corporations. In conclusion, I will ask the personal and political friends of Gov. Bradley how it is possible for them to support a man who never would stop vilifying and traducing that honest old man? I will say to the friends of the Gov. that the vile slanders which appeared in the *Sentinel* at different times from 1870, up to the death of the Gov., does not compare in villainy with the dirty billingsgate used by this would-be Congressman whenever the name of the Gov. was mentioned in Mr. C.'s hearing. All old citizens of Eureka will substantiate this fact. If the people of Nevada wish to be represented by a truckling, dishonest politician, let them vote for and elect Geo. W. Cassidy. He will fill the bill.

### Meeting at Brown's.

A good meeting was held at Brown's last night. Hon. T. V. Julien made the best speech of the evening. He predicted that neither Fair nor Sharon would be Senator. He says Fair is a Republican and if the Democrats control the Legislature they will put him aside for Col. Ellis or some square toed Democrat. He says they will give Fair all but a few votes in caucus and then tell him the boys want stand it, and they can't whip them in, and he must stand a defeat. Mrs. Alt gave a dance after the meeting adjourned.

### Change of Place.

Capt. T. B. Camp, formerly in the employ of D. A. Bender & Co., as manager of their Insurance Agency, is now engaged in the same capacity with Messrs. Paxton, Curtis & Co., at their Banking Office, corner 3d and Virginia streets, Reno, Nev., where he will be glad to see his former patrons, and all others who may wish to procure insurance or information on the subject. He will devote himself exclusively to insurance business, taking especial pains in the careful and proper wording of policies. The companies represented are among the oldest and strongest in the world. Risks accepted and made binding on the companies without reference to headquarters. Call and consult him before insuring elsewhere. oct28

### A Straw.

Bob Doan at Pyramid has a contract for packing wood for the Jones & Kinkead Mill. He has a lot of mules, all named for Senators and statesmen. He says Garfield invariably comes in ahead of Hancock.

## SURPRISE VALLEY.

Bountiful Crops—The Country Developing Rapidly—Progress of Cedarville—A Fine New Church—Ayers Flouring Mill—Bridwell Hoping for a Railroad.

FORT BIRDELL, Oct. 25, 1898.

Editor Gazette:—I left your beautiful growing town of Reno Thursday morning, October 14. Our coach was full and our journey for the day and night a pleasant one. I was very much surprised at the number of large ricks of hay and grain. I was informed that there were over 100,000 bushels of grain, from three miles north of Cedarville to the south end of the valley. The hay crop is as large or larger than ever known.

Surprise valley seems all alive with progress. New farm houses have gone up on every hand, and of a better quality than heretofore. Mr. Minto, who was married a few weeks ago to the daughter of Mr. Hosenbeck, has built a fine residence at Eagleville, into which he has moved his bride. Although quite an old bachelor a few weeks ago, I heard the remark, "Mr. Minto is about the youngest man in this valley." I thought so too, and it is to be hoped many more old bachelors of Surprise valley will go and do likewise.

The greatest change was seen at Cedarville. The storehouses of Crepler & Bormer were full of grain, and still it came. Trade seems lively and people happy. Main street has been widened 40 feet, which gives a much improved appearance, and adds largely to safety from fire. Several buildings have been built, among which is the large Odd Fellows' building and the Methodist Episcopal Church. The former is on Main street and is a fine building 24 by 60 feet, two stories high and will be an ornament to the town.

The church occupies one of the best lots in the place and is a beautiful structure 24 by 53 feet, with tower and bell. This is the first church building in Modoc county. The citizens of Cedarville are proud of their church, because of its beauty and because it is the first in this large county. The cost will be about \$2,500. We shall owe this church to the energy and skill of our friends of the enterprising firm of Crepler & Bormer. I am glad to say others are talked of in Modoc county, and very much to the inspiration created by the Cedarville church.

After service at Cedarville Sabbath morning, Oct. 24, Rev. J. W. Pendleton, preacher in charge for Surprise valley, took us in his carriage to Fort Bidwell, where it was our privilege to preach to a very attentive audience. The same thrifty spoken of above shows itself at this end of the valley. Mr. Ayers has built and occupied for a dry goods store a very fine building this summer. A large and somewhat elegant house is under construction by Mr. Peterson. A large flouring mill is also being built by Ayers & Bonker, costing \$10,000. This will add to this end of Surprise valley. Mr. Adams has finished a large addition to his hotel. Other improvements are seen, and when a new church building shall be added, equal to the one at Cedarville, Bidwell may be considered as "second to no town in Modoc county."

Bidwell hopes for a railroad. The Oregon, Eastern, which is expected to connect with the Nevada & Oregon narrow gauge at Lakeview, is making a preliminary survey toward Winnemucca. The passed through Bidwell eastward some weeks since. Hurry up your Nevada Narrow Gauge.

W. CARVER.

Enthusiastic Democrats at Verdi Discourse Upon Local Politics.

VERDI, Oct. 28.

EDITOR GAZETTE:—The Democratic candidates held a rousing meeting here last night. Stirring speeches were made by Mr. Berry, Democratic candidate for Assembly, Mr. Rankin, Mr. Walker, Capt. Flannigan and others, giving us good and sufficient reasons why the Democratic ticket should be elected from Hancock down, holding out hopes of a bright future for Washoe and Truckee valleys, when under a Democratic administration we shall be released from the vampire in the shape of the C. P. R. R. that is now sapping our vitality; clearly showing that when that soulless corporation shall be compelled to remove the back freight on Eastern goods a pair of pants that now costs \$8, can, with a proper reduction in freight, be bought for \$7.98; a shirt that we are forced to pay \$3 for could readily be purchased for from \$2.98 to \$2.99, and other goods in proportion. Our potatoes that we now have to pay ranchers 1 1/2 and 1 3/4 cents per pound could, under a Democratic rule, be laid down from Sacramento and San Francisco for from 1/2 to 3/4 of a cent per pound, allowing them to be bought for from 1/2 to 3/4 of a cent per pound in San Francisco, which occurs every year. Our hay, which now is worth from \$12 to \$16 per ton, could then be laid down at from \$10 to \$12 per ton. No mention was made of the tariff question or other local issues, excepting a few scathing remarks of Capt. Flannigan on the flagrant outrage upon the taxpayers by the County Commissioners who have been accused of purchasing tickets for invalids from the hospital and sending them home when they could as well remain here to die as to be sent home to be among their friends. After a liberal supply of liquid refreshments, the meeting adjourned with three cheers for the Democratic ticket.

### Personal.

Judge Beatty arrived from the East last evening and went to the Comstock this morning.

## BY TELEGRAPH.

The Skill of Philip, the Forger.

NEW YORK, Oct. 28.

The Tribune says: Philip recently wrote from memory Hancock's letter of acceptance. He also bet three glasses of beer that he could write a letter for Garfield which would not be detected. The bet was paid Tuesday.

It is said that this is not the first time that Philip has tried his hand at forgery, although in the previous case he did not get into the courts. In the Kings County Democratic Convention in 1876 there was a sharp contest for the Surrogateship between Dailey and Livingstone, and the latter was only successful by one vote. While things were at a critical point a petition purporting to have been signed by prominent citizens of Brooklyn was handed into the Convention, urging the renomination of Wm. D. Veeder, then Surrogate. It was afterwards ascertained that many of the signatures to the petition were forgeries, and it is said that the forger was Kennard Philip. Philip is an Englishman, about 35 or 40 years old.

Quieting Title With a Shot Gun.

BIGGS, Oct. 28.

Yesterday afternoon about 3 o'clock Thomas Flanagan shot and killed William King, about seven miles west of this place. They were quarreling about a piece of land. The boundary line between their places had been in dispute for several years, and Mr. King was nailing up some boards to stop any one from passing over a road crossing the disputed ground, when Flanagan appeared on the scene. After some words Flanagan left, and went home and returned with his shot gun. When King turned to go away Flanagan shot him in the back, killing him instantly. Flanagan returned home, put up his gun and came hurriedly into town and gave himself up, the brother of the murdered man in hot pursuit. King has been a teacher in this county for several years, and was highly respected, and in all respects a quiet and peaceable citizen. Both men are unmarried. Flanagan is now in jail at Oroville.

Some Plain Solid South Talk.

NEW YORK, Oct. 28.

A recent issue of the *Meriden, Miss. Mercury* contains the following extracts: "Make no more cowardly concessions that Secession was revolution and folly; no more self-accusations of having committed treason. The people of the North refuse to believe us and affect to believe, if we could control the Government to any extent, to such extent we would impair it. Then let us cease to concern ourselves about the National credit, neither upholding nor pulling it down; so, if it can stand without our active concern about it, let it stand, and welcome, and if it can't, let it fall and be damned. Discourage the idea that a position in the Federal Government is higher than in the State Government. Elevate the State pride until one feels it more honorable to be a Mississippian than a citizen of the United States."

The "Sun" on the Morey Forgery.

NEW YORK, Oct. 28.

The *Sun* says: Forgery, technically, the manufacture of the letter falsely attributed to Garfield, may not be. The bare fact may not exactly constitute that crime, and the vilest of criminals must not be punished illegally. But we do not see why the charge of criminal libel against the maker, who afterwards denied the authorship, cannot be maintained. If he can be punished legally, no person more richly deserves to pay the severest of penalties.

Unquestionably a Forgery.

NEW YORK, Oct. 28.

At the examination of Kennard Philip yesterday on a charge of having forged the Garfield letter, Joseph E. Payne, an expert of hand-writing for thirty years, Albert F. Southworth, an expert for more than twenty, and Daniel T. Ames, an expert for twenty-five years, all testified, after a careful examination, that in their belief the letter was a forgery, and that it was written and signed by Kennard Philip.

Expert Testimony on the Morey Letter.

NEW YORK, Oct. 29.

At Phillips' examination to-day, experts Southworth and W. E. Hogan testified that in their judgment the Morey letter was not written by Garfield. Allen M. Leet, a newspaper reporter familiar with Philip's writing, swore he believed the letter was written by Philip.

**DEMOCRATIC COUNTY PLATFORM.**  
The Democracy of Washoe county in convention assembled declare as follows:  
That we, the Democracy of Washoe county, endorse and reaffirm the principles enunciated in the platform of the National Convention at Cincinnati, in June last, and also our State Convention at Winnemucca, and hereby approve the lines of government there marked out.  
Resolved, That we recognize in our candidate for Congress, the Hon. W. Cassidy, an able statesman and gentleman, one who, as Senator in our country, has always faithfully maintained our principles and labored for the best interests of our State, and we pledge that if elected, among his first legislative acts shall be to introduce such a measure as will make completely operative and effective the plank of the National Platform which demands the prohibition of Chinese immigration, and that we invite to the support of our candidate every voter, of whatever political creed, who sincerely desires that our laboring classes may be forever relieved of the curse of coolie competition, and cite to them the fact that relief can only come from a Democratic Congress, and a Democratic President.  
Resolved, That in the person of Judge C. H. Belknap we have an eminent jurist, one that is tried and true, and we point with pride to his past record.  
Resolved, That the Democratic party has always maintained that none but residents of Nevada should represent her in the National Congress, and we deprecate the present usurpation by Jones and followed by Sharkey, of corrupting, by the free use of money, the elective franchise of a free people, and we call upon all Democratic and honest Republicans to come boldly forward and assist in wiping out this stain upon the fair name of our young and growing State.

**MIDDLE-AGED MEN.**  
There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genital-urinary organs.
